ZONING BOARD OF APPEALS

600 CHIEF JUSTICE CUSHING WAY
SCITUATE, MASSACHUSETTS 02066
(781) 545-8716

RECEIVED
TOWN OF SCITUATE
TOWN CLERK
JUN 25 PM 2:28

Decision of the Scituate Zoning Board of Appeals on the application of Dana Sceviour of 25 Irving Street, Canton, Massachusetts (hereinafter, the "**Applicant**") for a finding or other appropriate relief pursuant to the Scituate Zoning Bylaws, and specifically Section 810.2 thereof, and/or G.L. Ch. 40A, Section 6, to allow for the reconstruction of a single family dwelling at 15 Lynda Lane, Scituate, MA (hereinafter, the "**Requested Relief**").

The application was received, advertised and a public hearing was held on June 18, 2015. The following members were present and voted at the public hearing:

Edward C. Tibbetts
Francis M. Lynch
Anthony J. Bucchere

The Applicant was present at the public hearing and was represented at the hearing by attorney Jeffrey A. De Lisi of Ohrenberger, De Lisi & Harris, LLP, of 28 New Driftway, Scituate, MA.

The Applicant owns the property by Deed of the Town of Scituate and recorded with the Plymouth County Registry of Deeds at Book 45363, Page 343 (hereinafter, the "**Property**"). Along with the said application and deed, the Applicant filed with Board of Appeals the record plan of land showing that the Property was laid out on a plan prior to the adoption of dimensional zoning in Scituate. The said plot plan is entitled "Plan of House Lots in Scituate, Mass. Owned by Allan R. Wheeler, Scale 1~50 Surveyed July 18, 1946 by H.V. Stenbeck, Surveyor, Scituate, Massachusetts" recorded with the said Registry on August 20, 1946 at Plan Book 6, Page 981. The Applicant also filed a copy of an Assessor's Card from the Scituate Assessor showing that the dwelling on the Property was constructed in 1946. The Applicant also provided the Board with a plot plan showing the proposed reconstructed dwelling entitled "Single Family Home Site Plan 15 Lynda Lane Scituate, MA" dated April 8, 2015 and revised on June 16, 2015, Scale 1"-20', prepared by Collins Civil Engineering Group, Inc. 225 South Main Street, West Bridgewater, MA 02379 (hereinafter, the "**Plot Plan**").

The Property is located in the Residence R-2 zoning district and contains a single-family dwelling thereon. According to the Plot Plan, the Property is nonconforming as to lot area (17,478 sq. ft. in a 20,000 sq. ft. zone) and Lot Width (100 ft. in a 125 ft. zone). The existing single-family dwelling meets all dimensional setback requirements of the Scituate Zoning Bylaws.

The Applicant informed the Board that the existing dwelling on the Property has been vacant for a certain period of time and is unsightly. The Applicant proposes to raze the said single-family dwelling and to reconstruct a new single-family dwelling on the Property that will meet or exceed all dimensional setback requirements in the Residence R-2 Zoning District. The Applicant is required to obtain the requested finding from the Board because the lot is pre-existing and nonconforming as aforesaid and because the Applicant proposes to increase the gross floor area in excess of twenty percent.

The Board of Appeals considered the zoning relief requested, and specifically the last paragraph of Zoning Bylaw Section 810.2 of the Scituate Zoning Bylaw that provides as follows:

In all other instances of alteration, reconstruction, extension or structural change to single or two family dwellings, the applicant may petition the Board of Appeals for a finding under General Laws Chapter 40A, Section 6 to allow the proposed repair, alteration, reconstruction, extension or structural change.

G.L. Ch. 40A, Section 6 provides, in relevant part, that zoning ordinances or bylaws shall not apply to lawful pre-existing nonconforming structures or uses, but shall apply to any reconstruction, extension or structural change to provide for its use for a substantially different purpose or for the same purpose in a substantially different manner or to a substantially greater extent "except where alteration, reconstruction, extension or structural change to a single or two-family residential structure does not increase the nonconforming nature of said structure." Said Section 6 further provides that "pre-existing nonconforming structures and uses may be extended or altered, provided, that no such extension or alteration be permitted unless there is a finding by the permit granting authority or by the special permit granting authority designated by ordinance or by-law that such change, extension or alteration shall not be substantially more detrimental than the existing nonconforming [structure or] use to the neighborhood."¹

The Board of Appeals specifically finds that the Property is a pre-existing nonconforming lot, that the non-conformities are as to lot area and lot width, that razing the existing single family dwelling and reconstructing the dwelling as shown in the submitted Plot Plan will not intensify the existing nonconformities or result in additional ones and that the proposed structure otherwise complies with applicable zoning bylaw requirements. The Board further found that the requested change, extension or alteration requested by

¹ The words "structure or" appearing in the brackets in the quoted sentence were supplied by Willard v. Board of Appeals of Orleans, 25 Mass. App. Ct. 15, 21, 514 N.E.2d 369 (1987), and later noted and applied in Rockwood v. Snow Inn Corp., 409 Mass. 361, 363 n.4, 364, 566 N.E.2d 608 (1991).

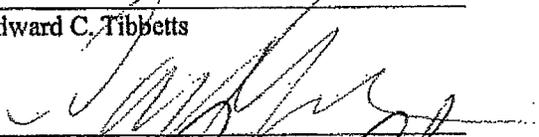

the Applicant will not be substantially more detrimental to the neighborhood than the existing nonconforming lot, structures or use.

Based upon the application materials, the information provided at the public hearing, and the foregoing, the Board of Appeals finds that the Applicant has demonstrated that he is entitled to the Requested Relief.

For the foregoing reasons, the Board unanimously voted to GRANT a Special Permit pursuant to the Town of Scituate Zoning Bylaws, Section 810.2, and G.L. Ch. 40A, Section 6, to allow for the reconstruction of a single family dwelling at 15 Lynda Lane, Scituate, MA as set forth in the submitted Plot Plan.
