Town Clerk  
Town of Scituate

## CERTIFICATE OF ACTION

**RE: Stormwater Permit – 353 Hatherly Rd.**  
**Applicant/Owner: Donald Gillespie**

Dear Mrs. Brown:

A Site Plan for construction at 353 Hatherly Rd. which showed 21,770 sq. ft. of land disturbance was subject to the Stormwater Bylaw, Section 32050 of the General Bylaws. The regulations approved by the Planning Board under this bylaw allow the Town Planner to issue a stormwater permit after an Administrative Site Plan Review. The plans were reviewed by Planning and DPW staff and modified to address their recommendations. The Site Plan dated 3/10/2012 with revisions through 4/2/2012 is approved with the condition that because stormwater system will overflow into the town's drainage system in the 100 year storm, prior to obtaining a building permit, the applicant shall provide the town a check in the amount of \$1,500.00 to cover the cost of cleaning the catchbasins and drainage lines in the affected portion of Hatherly Rd.

Very truly yours,

Laura Harbottle, Town Planner
