**FUNDING**

Describe the proposed funding for this project. Identify other sources you are seeking funds from, and whether those funds are secured. Identify any funds you or your organizations are willing to provide.

Cedar Point Association would like to install four benches with engraved plates and trash receptacles at Scituate Lighthouse. Thousands of visitors each year enjoy relaxing on the benches at the lighthouse with our beautiful views of the harbor and ocean. Our residents appreciate the scenic location to relax with generations of family members. The lighthouse is part of our Scituate Harbor Cultural District designation. We would like to make it a place to be proud of and a destination for tourists.

Part of the funding will come from a private purchase of one memorial bench and we are asking for CPC funding for the remainder of the project. The DPW will continue to maintain this area by emptying receptacles and facilitating the installation of the benches as they currently do today. The Cedar Point Association will continue to donate the plants and care of the gardens as we have for the past 30 years.

Four benches will be ordered with engraved plates. Three of the four will be engraved as a CPA project including the date and one will be engraved as a gift to the Town of Scituate memorial bench.
