------------------------	--

PERC TESTS: Perc tests must be performed by a soil evaluator, professional engineer, or registered sanitarian, and WITNESSED by a representative of the Scituate Board of Health.

Your name (applicant) goes on a chronological application list. A mutually satisfactory time will be arranged by the engineer and the Health Department to witness these tests.

FEE: \$40 non-refundable processing fee per lot, PLUS \$70.00 per hour for witnessing agent. Advance payment for four (4) hours is required - Total Due \$320.00, payable to the Town of Scituate. You will then be given a Receipt Number for \$280.00 (\$320.00 minus \$40 non-refundable processing fee), which is given to the Engineer for purposes of tracking the payment. If additional time is anticipated, it will be at the rate of \$70.00 per hour. Witnessing fees paid for any unused time will be refunded after final billing is completed.

PLOT PLAN: In order for the Board of Health to properly identify land being perked, it is necessary for you to submit the EXACT ADDRESS of the property along with a plot plan of the area, and map, lot, and parcel number. This plot plan may be copied from the Town Assessor's map for this purpose. This information must be submitted along with your application for a perc test.
