MEMORANDUM

To: Boards of Health of Member Towns
From: Ross Rossetti, Acting Superintendent
Date: June 12, 2020
Re: **Notification of Mosquito Adulticide Applications (Truck Mounted Ultra Low Volume-ULV)**

Please be advised that the Plymouth County Mosquito Control Project has begun the **2020** late evening ULV aerosol applications **on June 1, 2020**.

June 1, 2020 through September 2020 (Weather Permitting) - Adulticide aerosol (ULV) applications.

(Conducted between 2am and sunrise, Monday through Friday)

Plymouth County residents may request spraying of their area by phone, fax, drop off, or mail. A list of streets to be sprayed the following the day will be updated by 2pm on our website:

<http://www.plymouthmosquito.org/spray-routes-for-adult-mosquito-control.html>. Additionally, if the residents email is provided at the time of requests, notifications will be sent prior to the application.

The purpose of our adulticiding program is to control nuisance and/or virus carrying adult mosquitoes. The control material used will be Duet ULV (EPA Reg. #1021-1795-8329) applied in ultra-low volume sprayers at a rate of .62 oz. per acre.

Process to Exclude Property from Public Area Wide Pesticide Applications - State Regulation 333 CMR: 13:03 provides a method for homeowners to exclude their property from public area-wide pesticide applications. For more information, please click on the following links:
