

**SPECIAL TOWN MEETING**

**November 14, 2018**

**7PM at the SHS gym**

I am very excited to announce that town meeting staff will be trying out electronic Poll Pads to check in voters at the fall Special Town Meeting. LHS, a company from New Hampshire has offered this demonstration to the town.

This relatively new technology will allow the voter to check in by using their Massachusetts driver's license, providing it has a scan bar code on the back. This is absolutely voluntary and not an ID requirement but rather a way to accelerate to check in process. Simply have your license ready to hold up in front of a Poll Pad.

Voters still have the option to check in by stating their name and address. Either way, checking in will be faster and easier!

Kathleen A. Gardner  
Scituate Town Clerk
