Position Title: Communication Specialist - Scituate Public Safety Communications Center

Statement of Duties

Receives processes and transmits requests for combined fire, police, emergency medical, animal control, marine and other department calls in high stress situations along with business calls received via telephone, radio, and in person. Answers emergency 911 calls and on-emergency and multi-digit phone line calls and monitors multi-channel base radios. Dispatches public safety and other town departments and appropriate personnel to calls for service while operating various telecommunications equipment and computer aided dispatch software. Performs all other related services as required.

Supervision

Appointed by the Town Administrator, employee works under the general supervision and administrative direction of the Communications Manager and policy directives of the Public Safety Communications Oversight Committee. The employee is familiar with the work routine and uses initiative in carrying out recurring assignments independently with specific instruction. The employee is expected to recognize instances which are out of the ordinary and which do not fall within existing instructions. The employee works as instructed and consults with supervisor as needed on all matters not covered in the department's guidelines or instructions. Considerable judgment and tact is required in answering inquiries and determining the correct course of action often under stressful, emergency conditions. Employee does not have any supervisory responsibilities.

Job Environment

Work involves standardized tasks, operations and procedures, involving analysis and evaluation of each call for service to apply the appropriate response in accordance with the department's policy and procedures manual.

Employee is expected to use initiative in coping with unusual situations and circumstances and to resolve them. Employee, when exposed to stressful situations must exercise calm and professional behavior. Emergency or unusual situations are discussed with superior(s). Must take initiative in determining proper response to inquiries.

In response to emergencies, employee may be required to work various shifts including weekends and holidays and may be called to duty at any time.

Errors could result in delays or loss of service, personal injury/loss of life, injuries to other employees, adverse public relations, damages to building and/or equipment and legal/liability issues for the town.

Constant contact with the public. Other contacts are with the businesses and other agencies. Contact is usually through the telephone, in person, email, in writing, facsimile and by radio. Employee may be required to work beyond the normal business hours at night and/or on weekends/holidays.

Essential Functions

The essential functions or duties listed below are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related, or a logical assignment to the position.
