CERTIFICATION OF ACTION

Re: Scenic Road Act and Public Shade Tree Application – Stockbridge Road Sidewalk Improvements
Assessor's Map/Block/Lot 55/3/15, 54/1/20, 54/1/30, 54/1/41, 54/1/42
Applicant: Town of Scituate DPW

Dear Mrs. Brown:

Please be advised that at the April 26, 2012 Planning Board meeting, four of the members and the associate member being present and voting, Mr. Vogel absent, the following Motion was voted favorably with a unanimous vote. Mr. Limbacher, Mr. Monger, Mr. Mercer, Mr. Taylor and Dr. Afanasenko voted in favor of the motion.

MOTION: Move to close the Scenic Road Act and Public Shade Tree public hearing waive the application fee and to approve the application for removal of the following trees in connection with the construction of a proposed sidewalk along Stockbridge Road from Bearce Lane to Vinal Ave for applicant Town of Scituate DPW: 24" Maple, 30" Maple, 12" Maple, 30" Linden, 18" Maple, 12" Maple, 24" stump, 10" Maple, 24" Maple, 24" Maple and brush smaller than 3" in diameter. Approximately 227 linear feet of stonewalls are to be relocated. Trees and stonewalls are shown on a plan prepared by Horsley Witten Group entitled Stockbridge Road Sidewalk Improvements Scituate, Massachusetts dated 1/25/2012. The Board approves the plan subject to the condition that any additional trees larger than 3" that need to be removed for installation of the sidewalk improvements in the Town of Scituate right of way will require another Scenic Road Hearing and that granite curbing shall be installed at the street corners as shown on the plan for safety.

Very truly yours,

William Limbacher kj
William Limbacher, Chairman
