FAX: 781-545-8704

## *Planning Board*

### **730.4 WIRELESS COMMUNICATION ANTENNAS ON UTILITY POLES**

A wireless communications antenna may be installed on a utility pole in any zoning district provided **that: (1)** the antenna is not more than ten feet in height; **(2) ~~subject to~~** the applicant **obtaining-obtains** a **Special Permit from the Planning Board that meets all the requirements of a Major Site Plan Review** approval from the Planning Board under Section 770 of this bylaw and **(3)** the application meeting applicable standards of Section 730.2 A. and B., paragraphs 1, 3 and 5 regarding plan submissions, structural soundness, camouflage and removal. Prior to the public hearing on the special permit, the applicant shall provide information to the Planning Board concerning the need for the antenna(s). This may include coverage maps to show the need for the antenna(s) or similar information. Prior to approving the special permit, the Planning Board must make a written finding that there is a demonstrated need for the antenna(s) to provide or improve cell phone, computer or similar devices' service for purposes of coverage and/or capacity.
