6. The Scituate Water Department will continue flushing the Town's water pipes. Flushing will continue along Country Way to First Parish. Side streets along the route will also be flushed. This routine maintenance may cause temporary changes, including brown water in both the area of flushing and beyond. Keep an eye out for discoloration and double check before bathing or doing laundry. Questions-call the Water Department at (781) 545-8735.
7. Scituate Water Department wants to remind residents that annual water conservation measures are now in effect and run through September 30. All outdoor watering must occur before 9 AM and after 5 PM.

Between May 1 and September 30, automatic irrigation systems may be used one date per week, as designated by the Scituate Water Division according to precinct. See the Town web site for details.

- a. Properties in Precinct 1 may irrigate lawns on Monday
- b. Properties in Precinct 2 may irrigate lawns on Tuesday
- c. Properties in Precinct 3 may irrigate lawns on Wednesday
- d. Properties in Precinct 4 may irrigate lawns on Thursday
- e. Properties in Precinct 5 may irrigate lawns on Friday

These restrictions are state restrictions and do not have anything to do with the amount of water in our reservoir or the amount of rainfall that we have experienced. It is imposed on the water basin that Scituate gets our water from.

When Scituate's Reservoir falls to a level of 36 feet (49% full), the Scituate Water Division has the standing authority to implement a total outdoor watering ban. As of May 26, 2015, no new in-ground systems may be connected to the town's drinking water supply. Fines for violating this rule may be levied on the homeowner as well as the system installer.

Violation of these conservation measures may result in fines of up to \$300.00 per day (Scituate Code of General Bylaws, Section 30660).
