Decision of the Scituate Zoning Board of Appeals on the application of Jamie and Melissa Davenport of 16 Booth Hill Road, Scituate, MA for a Special Permit or Finding pursuant to M.G.L. Chapter 40A, Section 6 and Section 810.2 of the Scituate Zoning Bylaw and any other relief to allow for the construction of an addition to a pre-existing, non-conforming single-family dwelling located at 16 Booth Hill Road, Scituate, MA 02066 (Assessor's Map 12, Block 1, Parcel 11) and increasing the gross floor area by more than 20%.

The application was received, advertised, and a public hearing was held on March 16, 2023, with the following members of the Zoning Board of Appeals hearing the application:

George Xixis, Chair
Susan Harrison
Christopher Carchia

The current lot is non-conforming with respect to lot width, frontage, and left side setback. Said construction of addition being shown on a plan prepared by Morse Engineering Co., Inc., dated February 15, 2023 ("the Plan"). The proposed construction will not change any of the non-conformities. The proposed addition will increase the square footage of the home from the present 3,044 SF to 3,716 SF (a 22% increase).

After hearing testimony from Gregory Morse, P.E. of Morse Engineering Co., Inc., and reviewing the Plan, the Board voted unanimously to grant the special permit to allow the construction of an addition in accordance with the Plan. In doing so the Board found:

1. That the proposed addition will not create any new nonconformities.

2. That to the extent the proposed home intensifies any existing nonconformities such intensification will not be substantially more detrimental to the surrounding neighborhood.
